CHAPTER X

FRANCK MULLER
GENEVE

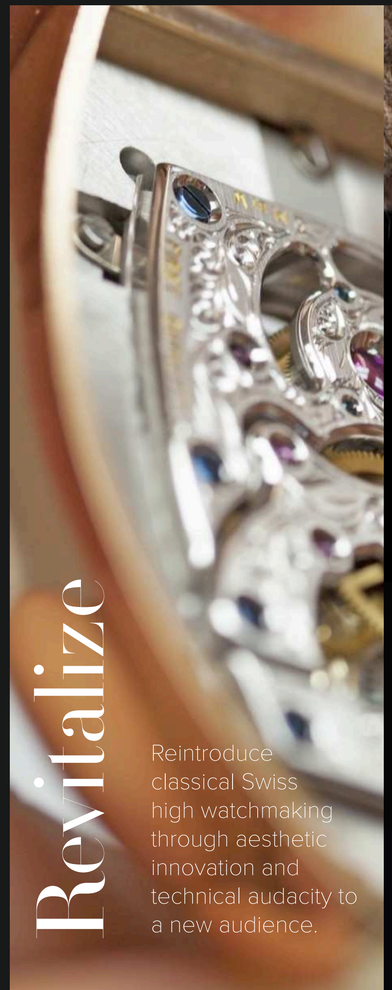

Franck Muller watches are one of the finest and most complicated of the world. The manufacture was founded in Geneva by Franck Muller and Vartan Sirmakes with the aim of creating exclusive timepieces characterised by complicated movements and original designs.

Thanks to its strong in-house capabilities in numerous fields of Haute Horlogerie, this young company rapidly became one of the best Swiss horlogerie brands. Today, we believe we succeeded in combining boldness and creativity with exceptional Haute Horlogerie know-how.

A TIMELESS VISION

Franck Muller's vision rested on three pillars:

Revitalize

Reintroduce classical Swiss high watchmaking through aesthetic innovation and technical audacity to a new audience.

Reintroduce

Address the needs of the modern world.

Reposition

Reposition the watch from a precision instrument into a canvas for the emotional expression of time.

FRANCK MULLER WATCHES ARE ONE OF THE FINEST AND MOST COMPLICATED IN THE WORLD

"

After the record-breaking success of our first tower, we are excited to announce our second project, the Franck Muller Vanguard. This tower embodies the sporty and dynamic yet elegant characteristics that are synonymous with our timepieces.

With innovative design and cutting-edge technology, the Franck Muller Vanguard aims to redefine luxury living while reflecting the essence of our brand. We believe this project will resonate with our clientele and further strengthen our position in the market.
